Max. 1,725 Liters
of Luggage Space

Hi4

9 Intelligent Modes

A front-rear dual-motor configuration combined with a front-mounted engine delivers a complete range of intelligent driving modes: EV, Series Hybrid, Parallel Hybrid, Direct Engine Drive and Regenerative braking from both axles. The iTVC system precisely distributes torque to each wheel within just 0.01 seconds, reducing slip and enhancing grip. Whether accelerating or cornering, power is sent to the wheels with the strongest traction, ensuring stable, confident performance in every driving condition.

PRESENCE

CONFIDENCE IN EVERY JOURNEY

The intelligent Hi4 Hybrid AWD system seamlessly integrates electric motors and engine power to deliver optimal performance in every scenario. The advanced iTVC (Intelligent Torque Vectoring Control) distributes torque with millisecond precision, enhancing grip, stability, and efficiency across all terrains. More power. Greater efficiency. Elevated confidence—whatever the road ahead.

Zero Gravity

Massage Seat

PLEASURE

WHERE COMFORT BECOMES AN EXPERIENCE

Zero-Gravity Massage Seat

Ergonomically designed to counter gravitational pressure, the seat features **One-Touch Adjustment** that automatically finds the most balanced position. With a **127°** recline, it aligns your body at the heart-to-knee balance point, reducing fatigue and delivering exceptional comfort throughout every journey.

LUXURIOUS SPACIOUS CABIN

The 1st- and 2nd-row Nappa leather seats offer an exceptionally soft, luxurious, and breathable feel. The spacious cabin architecture elevates comfort and seamless movement for every passenger, while the extended 1,845 mm seat rail enhances versatility—effortlessly adapting to spacious family journeys or refined lifestyle activities that demand maximum flexibility.

Amor Acoustic Sound System
with 21 speakers and a Dedicated Subwoofer

Double-Opening Cooling & Heating Refrigerator

Accessible from both the top and the side, this versatile refrigerator offers precise cooling from 0°C to 15°C and gentle warming from 35°C to 50°C, ensuring optimal temperature control for every journey.

PRECISION

INTELLIGENT CABIN CRAFTED FOR EVERYDAY EASE

A **12.3-inch** Digital Instrument Cluster integrates with the **14.6-inch** Central Touchscreen, delivering responsive, intuitive control at every touch. The **15-inch HUD** projects essential information directly into the driver's line of sight for enhanced clarity. For passengers, a **17.3-inch Entertainment Display** offers immersive viewing—transforming every journey into a truly premium and unforgettable experience.

Fully Automated Fusion Parking

Supports a wide range of parking scenarios, including bay, parallel, and angled parking. The system seamlessly integrates cameras and radar sensors to precisely detect the surrounding environment and accurately assess available space. Parking and maneuvering are executed smoothly and effortlessly, even in confined or low-visibility conditions.

SPECIFICATION
